SPECHT BAR & LOUNGE

Specht Bar & Lounge is the soulful heart of the renewed Renaissance Amsterdam Hotel, located beneath ‘The Tree’, a sustainable wooden structure. Inspired by nature and **Amsterdam’s tree-rich landscape**, Specht offers a **serene setting** with bamboo textures and organic tones. Guests enjoy **locally sourced dishes** and crafted cocktails in a space designed for **connection, relaxation, and unforgettable moments.**

CIMA ROOFTOP BAR & TERRACE

From Mexican roots to the Amsterdam roof. CIMA means “**peak**” in Spanish, and that’s exactly where you’ll find it: high above it all. A bar that stirs up new kinds of cravings. For music that slides over your skin. For **playful food** that surprises. For **taptails** that pour with **Mexican soul** and a daring twist. Each sip is bright, bold, and just reckless enough to feel like a little secret.

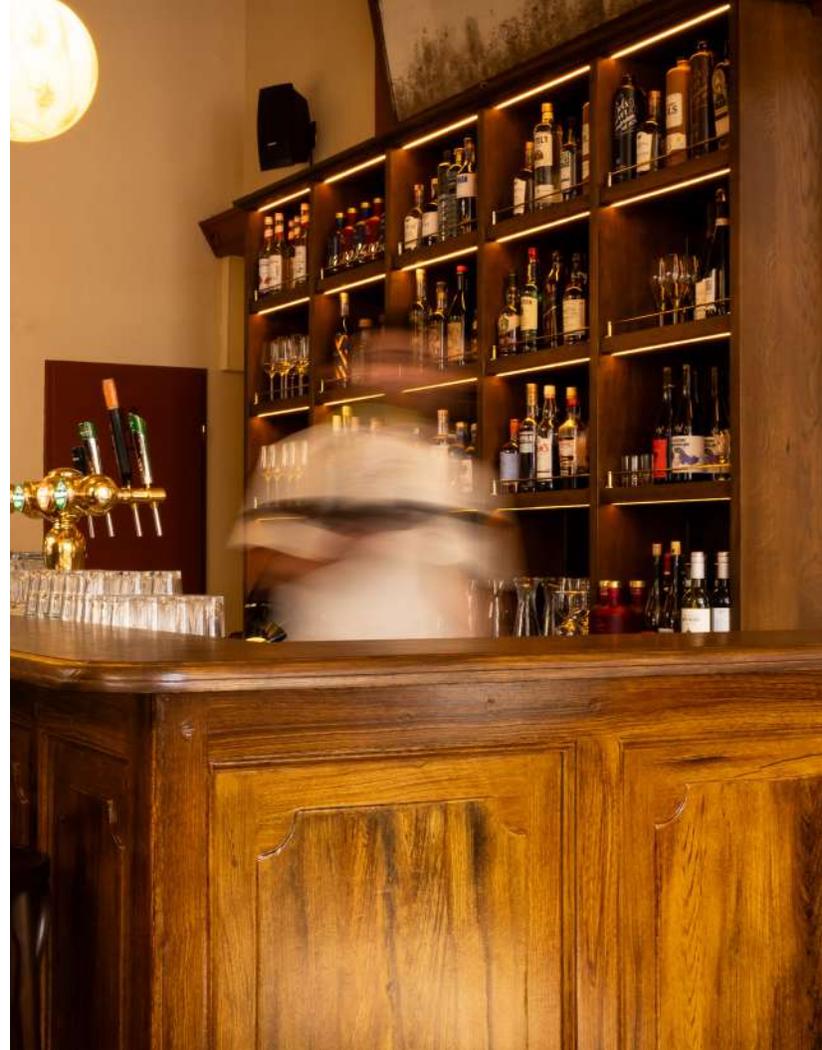

JANINE BAKERY AND RESTAURANT

Two spaces, one soul.

Janine is a **wood-fired** oven spot with American-Italian roots and a local Dutch twist: focused on craft, flame, and honest flavours. Inspired by **San Francisco's** casual food culture, it blends **bakery, café,** and all-day **restaurant** under one roof. Janine is about good food, good company, and a warm, lively space – not replicating Italy, but creating something modern and full of life.

KOEPELCAFÉ

Discover our Koepelcafé for a **taste of true Dutch cosiness.** With decor that nods to the city's rich history, it offers the typical **Amsterdam “brown” café experience.** From hot coffee to delicious cocktails, it is the perfect spot for the start of your day, or the end of your night. Enjoy delicious food and drinks, and experience the **authentic spirit of the city.**
